Midas Capital Partners, the multi-asset investment fund manager encompassing the Midas and Miton funds, is delighted to announce that two Midas and three Miton funds are now available on the Novia platform.

The CF Midas Balanced Growth Fund, CF Midas Balanced Income Fund, CF Miton Strategic Portfolio, CF Miton Special Situations Portfolio and the CF Miton Global Portfolio are now available via Novia.

The new link is a response to widespread demand from IFAs and wealth managers across the country. The link further increases the options available to IFAs and wealth managers wishing to access the funds and is a significant distribution opportunity for Midas Capital Partners.

All five funds are highly diversified, genuinely multi-asset funds. The CF Midas Funds operate to fixed asset class allocation ranges across a wide mix of asset classes. The CF Miton Funds operate on a conviction led, flexible approach to asset allocation.

David Thomas, Business Development Director of Midas Capital Partners, said: “Many of our IFA and wealth management partners have requested access to our funds through Novia’s wealth management platform and we are pleased that we can now meet that demand.”

Bill Vasilieff, Novia CEO, said: “Novia is extremely pleased to introduce Midas and Miton funds onto the Novia platform. Midas and Miton funds are in high demand from advisers. They make proactive decisions on asset classes and offer an alternative portfolio selection which sits well within Novia’s open architecture strategy.”
