## About Novia

---

Novia Financial is an award-winning financial technology company based in the heart of Bath, just a 5-minute walk from the train and bus stations. We are entering a period of sustained enhancements to the platform and the surrounding services that we provide, and as a result, we need to increase our development capacity and expand our capabilities.

We're determined to deliver technology that will keep us ahead of the competition and there are opportunities for both experienced IT professionals and those willing to learn on their feet to help us meet that challenge. If you like working in a highly collaborative environment geared towards frequent delivery of high value and quality business solutions, Novia could be your next step.

We are based in the heart of Bath and are just a five-minute walk from the train and bus stations. For more information about us, please visit <https://www.novia-financial.co.uk/>

### Our key objectives:

Novia is embarking on a significant period of growth that will result in us having the best wealth management platform in the industry combined with an efficient operation that enables great outcomes for our end-users. To achieve this, we need outstanding individuals to join the team to enable and support the following outcomes:

- > Deliver sustainable value to our customers and colleagues in the possible time with the maximum benefit.
- > Create a healthy work environment that supports team members to thrive and develop through continuously learning.
- > Optimise cost-to-serve so that we can provide the best value platform in our industry.
- > Embed common ways of working across teams and with our key partners to deliver business and technical agility.
- > Ensure quality, security and compliance is built into everything we do making inspection redundant.
- > Foster and optimise operational excellence in everything we do.

## About the role
